

WA Commingled Improvements Project: Southwest Region Workgroup

April 29, 2009 12:30 am – 4:30 pm

Ecology HQ, Lacey: Room RS-23

Meeting Objectives

1. Identifying the current commingled collection systems in the southwest region
2. Identifying which MRFs receive materials by jurisdiction
3. Identifying project objectives and desired outcomes to improve contamination issues for materials collected and processed in the southwest region
4. Setting a meeting schedule to achieve project objectives

Desired Outcomes

1. Shared understanding of the similarities and differences of the commingled collection programs in the region
2. Shared understanding of material flow to processors from each jurisdiction's commingled collection program
3. Agreement on project objectives and desired outcomes to improve contamination issues for materials collected and processed in the southwest region
4. Agreement on a meeting schedule to achieve project objectives

Agenda

12:30 – 12:40 Welcome & Introductions – *Shannon McClelland*

12:40 – 12:45 Review of Agenda and Meeting Objectives – *Shannon*

12:45 – 1:15 Review & discuss commingled collection systems in the southwest region – *All*

1:15 – 1:30 Review & discuss MRFs processing material from the southwest region – *All*

1:30 – 2:00 Roundtable/brainstorm of desired project objectives to improve contamination issues for materials collected and processed in the southwest region – *All*

2:00 – 2:15 Break

2:15 – 3:35 Prioritize project objectives and determine measurable outcomes – *All*

3:35 – 3:50 Set meeting schedule – *All*

3:50 – 4:00 Next Steps & Adjourn – *Shannon*
