Mike Laris (509)575-2782
mlar461@ecy.wa.gov

The Washington Department of Ecology would like to invite you to attend one of these meetings to learn and talk about MRW-related issues. Our last MRW meetings were in August where we discussed having regular meetings about every six months, so it's that time. Ecology will provide lunch. We hope you can make it! The draft agenda items are as follows:

- Hazardous Waste Management Plans - Roundtable discussion about local plans.
- Product Stewardship Developments
- Electronic waste (e-waste) –
 - What is happening with ESHB 2488?
 - Good Guys Report on e-waste
 - Northwest E-waste Third-Party-Organization (TPO) Demonstration Project
- Paint Product Stewardship Initiative (PPSI) and MOU Implementation
- National/Northwest Hazardous Materials Management Conference for Household and Small Business Waste
- 173-350 and MRW Facility Check-in
- PBDEs
- Mercury –
 - Department of Health on mercury
 - Dental Memorandum of Understanding on mercury
- Roundtable
- Next steps

***Ecology's building in Lacey has very limited parking. Please carpool or use other alternative means of transportation to the meeting.**
