* Some facilities include demolition, industrial, inert, commercial and other small amounts of waste types in the MSW total. Commercial is included in the MSW category for reporting since 2004.

** Some of the "other" types of waste reported include non-municipal ash, auto fluff and white goods.

*** Additional reporting categories were added to the 2004 reporting forms, including Ash (other than special incinerator ash) and Other Contaminated Soils. Commercial was combined with MSW.

Waste Types and Amount Disposed at Inert Landfills 1992-2007 (Inert/Demolition Landfills prior to 2004)*
