September 16, 2005

Dear Interested Parties:

Re: Workshop opportunity: "Guidance on Remediation of Petroleum-Contaminated Ground Water by Natural Attenuation: Guidance & Analysis Tool Package: Ecology Publication No. 05-09-091"

The purpose of this memo is to notify you of two workshop opportunities regarding the Natural Attenuation Guidance published on July 28, 2005. Link to [http://www.ecy.wa.gov/programs/tcp/policies/pol\\_main.html](http://www.ecy.wa.gov/programs/tcp/policies/pol_main.html)

This Workshop will give the public comprehensive training on how to correctly understand, evaluate, select, and implement Natural Attenuation as a cleanup action. The Workshop also includes a brief introduction of the interactive Ecology web-based CLARC (Cleanup Levels and Risk Calculations) system developed recently.

We currently have two workshop sessions scheduled for the general public. We hope that you will be able to join us at one of these two locations. Please contact Carol Perez at [cperez461@ecy.wa.gov](mailto:cperez461@ecy.wa.gov) to register for the program, or call (360) 407-7180 to leave your name, phone number/email address, and the location you want to attend.

- A. Location and time of workshops:
- Spokane: 9:00 a.m. – 4:30 p.m.; November 2, 2005 (Wednesday) at Red Lion River Inn, 700 N. Division St. Spokane, WA 99202; 509-326-5577
  - Seattle: 9:00 a.m. – 4:30 p.m.; November 9, 2005 (Wednesday) at The Mountaineers Building in downtown Seattle; 300 Third Ave West Seattle, WA 98119; 206-281-7775;  
Map: <http://www.mountaineersbuilding.com/map.html>
- B. Names of presenters:  
Jerome Cruz, Craig McCormack, Tom Wetzel, Hun Seak Park (Department of Ecology, ICP program);  
Jeff Kaspar (Farallon Consulting); Colleen Costello (Langan Engineering and Environmental Service)
- C. Agenda:
- Overview of the Guidance
  - Overview of the remedial investigation process for the Natural Attenuation remedy
  - Overview of the process for selecting Natural Attenuation as a remedy
  - Developing long-term monitoring and contingency plans
  - Case studies
  - Introduction of the new CLARC system: <https://fortress.wa.gov/ecy/clarc/CLARCHome.aspx>
- D. Registration: Carol Perez: (360) 407-7180; [cperez461@ecy.wa.gov](mailto:cperez461@ecy.wa.gov)
- E. Participation fee: **Free. Registration is required to reserve a seat**

Sincerely,

Dan Koroma  
Policy & Technical Support Unit Manager  
Toxics Cleanup Program
