

June 9, 2010

Good morning,

Attached please find the first installment of meeting materials for the June 21 MTCA SMS Advisory Group meeting. Here is:

- The agenda (draft)
- A report on Draft Revisions to MTCA Method A Groundwater Cleanup Levels.
- A copy of the handout from the last meeting (Outline and Issues for Groundwater and Soil Cleanup Standards and proposed structure for the use of Method A).

Additional materials, including for freshwater sediment standards (topic 1 on the agenda) will be sent out later this week. The meeting materials, and the notes from the April meeting, will be posted on the Ecology web site. (The target is posting by COB Friday.)

Regards,

Martha Hankins
