**Subject:** I support increased fish consumption rate numbers  
**Date:** Thursday, December 29, 2011 2:05:34 PM

---

Dear Director Sturdevant and staff,

Washington currently uses inadequate fish consumption rates for water and sediment cleanup standards. The standards should be conservative enough to protect the higher fish consumers such as tribes and subsistence fishers.

In addition, our children need the protection of realistic standards  
Please increase the rates to more accurate numbers.

Thank you.  
Deborah Capwell
