

EXHIBIT G

GUIDELINES FOR TEMPORARY RELOCATION

1 **EXHIBIT G**

2 **GUIDELINES FOR TEMPORARY RELOCATION**

3 The following guidelines are meant to serve as general principles for BNSF to follow for
4 communication, reimbursement, and assistance for residents who agree to temporarily relocate:

- 5 • Identify and provide comparable temporary housing in or near Skykomish for affected
6 residents for the duration of the project.
- 7 • Reimburse eligible affected residents of reasonable out-of-pocket expenses incurred in
8 connection with the temporary relocation, including the cost of moving to and from the
9 temporary housing, the monthly rent and utility costs of the temporary housing, and storage
10 of residents' personal property for the duration of the project.
- 11 • In conjunction with providing for the temporary relocation of residential dwellings as
12 outlined in the CAP, Exhibit B, determine appropriate and agreeable options for returning
13 residential dwellings to real estate property, including landscaping plans to return
14 properties to as close to their original condition as possible.
- 15 • Provide adequate and timely communications to temporarily displaced residents. Develop
16 a process for reporting and promptly addressing complaints and concerns.
- 17 • Payment for eligible claims will be made as soon as possible following a move or receipt of
18 documentation to support the claim. Advance payments will be considered for residents
19 who demonstrate a need.

20 If BNSF and residents cannot agree to terms of access, relocation or property restoration,
21 Ecology will provide a neutral mediator to assist the parties in reaching agreement.

22 Refer to the Public Participation Plan (Exhibit F) for a more detailed description of procedures
23 for temporary relocation of residents.
