

Soil Safety Guidelines

Reduce your risk from contaminated soil

Wash your hands well after playing in the dirt.

Keep dust down – **Damp mop** and **damp dust** regularly.

Eat fruits and vegetables – but **wash** them first.

Wear gloves while you garden.

Take your shoes off! **Don't track dirt** in the house.

Wash toys and pacifiers often.

Bathe and **brush** your pets often.

Garden in raised beds or containers filled with clean soil.

Vacuum often with a machine that has a HEPA filter.

Everett Smelter Cleanup Project

Questions about the site cleanup? Call the project information line at 425-530-5169 or contact:

Meg Bommarito, project coordinator
425-649-7256
Meg.Bommarito@ecy.wa.gov

or

Frank Reinart, site manager
