

# Draft Sediment Cleanup Users Manual II Technical Workshop

August 7, 2014 9:00 AM – 2:00 PM

NWRO Department of Ecology (Rooms 2A – B)

3190 160<sup>th</sup> Avenue SE Bellevue, WA

**Ecology Attendees:** Pete Adolphson, Ivy Anderson, Chance Asher, Dave Bradley, Dawn Hooper, Laura Inouye, Pete Kmet, Russ McMillan, Teresa Michelsen, Avocet (Ecology contractor)

**Purpose of Workshop:** This workshop is the third of three to be held on the draft SCUM II guidance. The workshops are intended to be solutions oriented, collaborative opportunities for interested persons to help Ecology resolve specified issues raised during the public comment period. Attendees will actively participate by proposing specific ideas to help resolve the specified issues and engage in thoughtful discussion amongst colleagues. Ecology will use the feedback to complete the final guidance.
