**Conversation:** 2008 Washington Water Quality Assessment  
**Subject:** 11-2008 Washington Water Quality Assessment

---

Dear Ken Koch,

I am currently studying PSP in shellfish around Puget Sound, attempting to correlate toxicity of blue mussels to some sort of environmental factor. I have recently read on the Washington State Department of Ecology website that the Draft 2008 Washington Water Quality Assessment is open for review. As I am currently overseas, is there a PDF of said document available?

Thank you for your time.

Sincerely,  
Sean Stevens  
University of Arkansas
