

# Draft 2008 Water Quality Assessment and 303(d) List

## Public Review Comment Form

This form allows you to submit comments or concerns regarding the Draft 2008 Water Quality Assessment and 303(d) List. Please provide as much information as possible in each field. Attach your completed form to an email and send to [303d@ecy.wa.gov](mailto:303d@ecy.wa.gov) or mail directly to: Ken Koch, Washington Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600.

<b>Name of Person Submitting Comment:</b>	Heather Kibbey
<b>Affiliated Organization (if any):</b>	Pierce County Water Programs
<b>Date of Comment:</b>	3-21-08
<b>Listing ID (please list all that apply)</b>	45509, 45510
<b>Draft Category:</b>	5,5
<b>Waterbody Name:</b>	Unnamed creek (tributary to Filucy Bay), School Creek
<b>Parameter:</b>	Fecal Coliform, Fecal Coliform
<b>Medium:</b>	Water, Water
<b>Comment:</b> Neither of these creeks should be listed under category 5, as they are contained in a Shellfish Protection District officially adopted by Pierce County. There is an active Shellfish action team in place, and the County and the Tacoma Pierce County Health Department are working with the Department of Health to keep this shellfish area open. This includes upland sampling, education and enforcement actions in these creek basins. Pierce County also purchased and decommissioned a horse boarding operation that was negatively affecting the bay. Please call me if you need more information at 253-798-4664.
