RE: DRAFT 2006 WASHINGTON STATE WATER QUALITY ASSESSMENT 303(d)  
COMMENTS

Dear Mr. Koch:

The Kitsap County Health District (Health District) Water Protection Program is currently reviewing the draft Water Quality Assessment (Assessment) and making recommendations regarding the new listing information. Due to the large amount of listings for Kitsap County waterbody segments, the Health District is requesting an extension to the comment period. The Health District appreciates the opportunity to comment on the draft Assessment, and plans to provide a comprehensive comment letter to Ecology by 5:00 PM, Monday, May 5, 2008.

If you have any questions please feel free to call. I can be reached at (360) 337-5290.

Sincerely,

John Kiess, REHS  
Water Protection Program Manager  
Environmental Health Division
