**Subject:** 1003-Question re. mapping for Lake Washington Ship Canal, Lake Union and Portage Bay Category mapping

To whom it may concern:

From the Locks to the Fremont Bridge the Lake Washington Ship Canal is shown as a Category 1 (green) whereas Lake Union and portage Bay are shown as Category 5 (red). This does not make sense from a rational point of view as the portion shown in green is in a more industrialized traditionally more polluted area as opposed to Portage Bay through the Montlake cut.
