COMMENT:

This listing is for copper in waters associated with a boat marina. Copper is used in anti-fouling paints. The legislature in 2011 passed Substitute Senate Bill 5436 which was AN ACT Relating to the use of antifouling paints on recreational water vessels. The legislation is the equivalent of an approved pollution control program, applicable statewide, and as such this listing should be a Category 4b. See, <http://apps.leg.wa.gov/documents/billdocs/2011-12/Pdf/Bills/Senate%20Passed%20Legislature/5436-S.PL.pdf>
