

# Puget Sound NEP Grant

**September 15, 2011**

# Overview

Four subject areas, \$8.5 million each  
(Year/Round 1 plus 2) from EPA

- Marine and Nearshore  
(DNR/WDFW)
- Watersheds (Ecology/Commerce)
- Toxics and nutrients (Ecology)
- Pathogen (DOH/Ecology)

# Puget Sound Annual Funding

# Toxics and Nutrients

- May get EPA NEP money for six years
- “Strategic Advisory Committee” helps set priorities
- Most money passed through
- Using direct awards (IAAs) & limited-scope RFPs
- Developing six-year strategy
- Focus: implementation & prevention

# Projects

Project	Amount	Who
Fish Consumption Rate	\$100,000	NWIFC
Safer Alternatives Assessment	\$329,000	Contracts
Stormwater	\$327,000	WSC
Prevent PBTs (PAHs)	\$833,000	RFP
On-sites N Removal	\$650,000	DOH
Agriculture Reductions	\$750,000	Local Gov't
Other Nutrient	\$1,181,405	RFP

# Projects (con't)

Project	Amount	Who
Toxics Science	\$550,000	TBD
Landscaper Certification Program	\$300,000	RFP
PBT Enforcement	\$255,000	Ecology
Toxics Education	\$200,000	TBD
Local Source Control	\$1,044,000	Local Gov't
Nutrient Science	\$600,000	TBD

# Pathogens

- OSS (local health jurisdictions): \$2.5m
- Pollution Identification and Correction (PIC): \$2.5m
- Other smaller pieces (No Discharge Zone, Agriculture BMPs, Database upgrades, outfall strategy)

# Watersheds

- \$5.4m RFP to Protect and Restore Freshwater Ecosystems
- Other smaller pieces (Technical Assistance Team, retrofit list, LID, Puget Sound Characterization)

# Marine and Nearshore

- Effective Regulation and Stewardship (\$3.2m)
- Strategic Capital Investment (\$1.7m)
- Invasive Species (\$0.4m)
- Oil Spills (\$0.4m)
- Adaptive Management (\$1m)
