Subject: CAFO proposed draft
Date: Saturday, October 03, 2015 12:00:10 AM

First, thank you for your visit to our farm. We would be happy to work closely with you to find a better solution than found in this Draft. Many things will not work that you are proposing. They are too costly, not proven, and very difficult to implement. Contact me any time for further clarifications and examples.

Sincerely, Jason VanderVeen
