**Subject:** Badger Lake Trout Rehab

Thank you for taking the time to come to our meeting at Badger Lake. Your information was very helpful. We appreciate all the efforts that have been made to re-write the permit for Trout Rehabilitation of Badger Lake. It is definitely beneficial and essential to our Community and our personal business (Badger Lake Estates) to keep Badger Lake a trout-only lake. We've been here 18 years, and we have seen the growth in our Community, due to the advantages of having Badger Lake be a trout-only lake. Thank you, again, for your interest in our cause!

***Teri Jo Christianson***, Resident Manager
