WATER QUALITY PROGRAM

March 1, 2010

Mr. Jon Jennings
Washington State Department of Ecology
Water Quality Control Program
P.O. Box 47600
Olympia, WA 98504

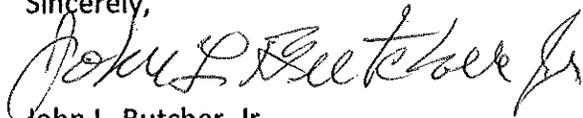

Dear Mr. Jennings

SUBJECT: Draft Permits for Pesticides used in Mosquito Control

It is my understanding from the local mosquito control district that the present wording in the "draft permit" will not allow the spraying of nuisance mosquitos. Where I live, this is unacceptable.

I request that the draft permit includes words such as "The permittee is authorized to discharge incidental amounts of adulticides and their residues to waters of the state for nuisance and vector mosquito control." This would allow the nuisance mosquitos to be controlled in the area in which I live.

Sincerely,

John L. Butcher, Jr.
