Washington State Department of Ecology  
Attn: Jon Jennings - Mosquito Control Permit  
Water Quality Program  
P.O. Box 47600  
Olympia, WA 98504

Dear Mr. Jennings,

I and many others in West Richland are very concerned about the decision that may be made regarding the nuisance mosquito control being eliminated.

Please don't let this happen! I have really appreciated the Mosquito Control maintaining the pest control in West Richland. I enjoy being able to sit outside and enjoy the outdoors. I'm from Montana and I cannot express how frustrating it is when the mosquito's are out in full force, it's impossible to enjoy the outdoors.

I would appreciate if the permit would read "The Permittee is authorized to discharge incidental amounts of adulticides and their residues to waters of the state for nuisance and vector mosquito control".

Thank you and I encourage the Department of Ecology to continue spraying for mosquitos!

Regards,

Mary Bradshaw
