Mosquito

Attached are my wishes concerning mosquito control which is paid for by property taxes. Please explain why the WA GOV thinks they can take my money and use it for things other than what I gave it for. I do not appreciate the state stealing my money and trying to use it for other than authorized uses. Remember who's money it is! I will remember in November.

Comments that Need to be Addressed

1. Do not separate nuisance and vector mosquitoes, both need to be controlled.
2. Eliminate the use of the term "waters of the state".
3. Change the current language to allow organized mosquito control districts under chapter 17.28 RCW to adulticide to control vector and nuisance mosquitoes as listed in the districts Integrated Pest Management Plan.
4. Eliminate Malathion and Nalid restrictions from the permit.
5. Let them know that you support mosquito control districts. Excessive mosquitoes will impact your health, quality of life, use of parks, recreation and an economic impact on our community.
