Subject: Grant County Mosquito Permit
Date: Sunday, March 14, 2010 8:00:24 AM

Hi,

I'm a Moses Lake resident, and I'd just like to weigh in with some opposition to the current trend here. I value what the permit system does, as I think we tend to over-spray and cause long-term problems. I'm willing to live with extra mosquitoes if it means that adulticides are kept out of the waters of our lakes and streams. I'm thankful that you're looking at the bigger picture, and I'm hoping you'll continue to do the same even when faced with political pressure.

Thank you,

Steve Close
Moses Lake, WA
