Subject: Mosquito Control Issue
Date: Tuesday, March 09, 2010 12:42:39 PM

Jon,

I am writing to inform you of the concerns we have with mosquitoes at our Hotel Property. We are located on the Columbia River in Richland and mosquitoes are a critical issue with us. We get complaints from guests when they swarm or there are too many along the river walk. For this reason I urge you to alter the Statute 90.48.020 to read “The permittee is authorized to discharge incidental amounts of adulticides and their residues to waters of the state for nuisance mosquito control.”

This issue and mosquito control is critical to keeping happy customers, their safety and enjoyment.
