Dear Jon,

I wanted you to know that if they do not continue to spray our area for mosquitoes I will get eaten alive. Last summer I was walking my dog in the neighborhood of 1889 Birch Ave. My dog was walking thru the grass and all of a sudden I was covered with mosquitoes from head to toe (I had shorts on!) and I could not get home fast enough to get in the shower. I scratched myself until I bleed, it was awful-----plus-----they had to send the kids home from Jason Lee elementary school because of the mosquitoes, which is close to my home. Please, Please alter the permit to read "THE PERMITTEE IS AUTHORIZED TO DISCHARGE INCIDENTAL AMOUNTS OF ADULTICIDES AND THEIR RESIDUES TO WATERS OF THE STATE FOR NUISANCE AND VECTOR MOSQUITO CONTROL." Please, so I and many others will not get eaten alive while outside enjoying our wonderful summer weather.

Thankyou,
Myrna Mayfield
