Subject: Please don't take away our Mosquito spray
Date: Wednesday, March 17, 2010 12:37:18 PM

Dear sirs, we live in Burbank WA we don't not want our mosquito controller spray to be taken away from us here in Walla Walla country .We have a lot mosquito in the spring and in the summer, without this controller we would not get to go out doors at all enjoying our place that we pay taxes on. So Mr.Jennings us as tax payers would like you to look in to why this maybe taken away from us, this would not be right at all to take away from us.So if you could help us out we would remember all you do for us.

Thanks for all you can do Jisica Watkins
