Subject: RE: Mosquito Control Permit Comments
Date: Tuesday, March 09, 2010 1:47:37 PM

My family is one of the ones who calls Mosquito Control when we have get together's because no one can enjoy the outdoors with gettin bitten by mosuitos. Below are out concerns:

1. You can not call yourselves Mosquito Control if you DO NOT control the problem;
2. If you are not going to get any mosquito control will the \$32.00 that is on our Property Tax Bill go away since you are not doing anything for us anymore.
3. Was the West Nile Virus just a hoax. All of the sudden there is no more West Nile PROBLEM that we have to worry about?
4. Why do we have to sacrifice our way of life to protect the salmon for the INDIANS when they never do anything to protect the salmon themselves. They just take and take and never have to be accounted for anything. How many years do we have to pay for this land to them and they give us nothing in return. They need to be accountable for something not just us AMERICANS.
5. We just built a \$10,000 deck that we will not be able to use because the mosquito problem in our area.
6. Why do you have to have the meeting in Moses Lake when the problem is here in Benton County. Moses Lake is not Benton. Could it be that you are afraid of so many people showing up to bitch about this problem!!!!
7. Why all of the sudden do these chemicals are so harmful they they were 40 years ago. This control has been going on for ever - WHY NOW!!!!

I guess if someone in our family get the West Nile Virus your agency will be at the top of this Defendant's List!!!!
