

Dec 9: make sure this is the right table (rows and columns)

Jan 13: fill in the table so we're ready to write the QAPP

Assessment question	Is the approach known or needed?	Basic data required	Ancillary data needed	Post stratification beyond in-out UGA?	Report format(s)	Other communication of findings	Team/ experts for writing QAPP section	Schedule to write QAPP section	Cost to write QAPP section
What percent of streams meet designated uses?	known	WQI					Markus Von Prause		
What percent of streams meet designated uses?	known	B-IBI Habitat					Chad Larson & Glenn Merritt		
What percent of streams meet (support?) designated uses?	Needed: ask Chad Larson about 2011 rept	Sediment chemistry					Deb Lester & Jenee Colton, maybe Dale Norton		
How does RSMP compare to existing programs?	known	Identify key programs and data types					Chris Konrad & Leska Fore		
How does RSMP compare to targeted programs?	Choose among what's been done (Booth? Olsen?)						Jim Simmonds & Scott Collyard		
What trends data most meaningful for next RSMP round?	needed						Leska Fore		

How does status inform effectiveness studies and source control?							Leska Fore, Cami Apfelbeck, Chris May, & Chris Konrad		
<i>Allow others to look at the questions</i>	<i>Allow flexibility to do more analyses as look at data</i>		<i>Will need to know how to gather this info</i>	<i>Many ideas: land use, watersheds, groups of watersheds</i>	<i>Anything beyond paper?</i>	<i>Preliminary presentation of methods and results; schedule at SWG meetings</i>	<i>Gather materials; identify structure/ approach of analyses Brandi and Karen lead approval process</i>	<i>Include review step</i>
