

AGENDA
 Washington Department of Ecology
 Reclaimed Water Use Rule
 Technical Advisory Panel Work Session
 Wednesday, May 21, 2008
 9:00 a.m. – 3:30 p.m.

Pre- Meeting Homework:

- **Review information** - April meeting notes on pathogens, the Pomona virus study, Sharepoint site.
- **Think** about the question of the day and how best to answer it.
- **Bring** written ideas - suggest you bring your laptop to the work session.
- **Prepare to produce** a product by end of day.
 - Note we plan to split into small workgroups of 3-4 persons.

Question of the Day:

- **What pathogen standards should Ecology adopt in the 2010 rule and how will we measure them?**

Goals of the Day:

- **Complete recommendations for pathogen removal/inactivation for direct uses of reclaimed water (urban and agricultural uses).** Consider:
 - a. Potable
 - b. Non-potable unrestricted human contact
 - c. Non-potable restricted human contact
 - d. No human contact – but animal contact.
 - e. No human or animal contact.

Time	Topic	Outcome
