Dear Mr. Killelea

Thank you for the opportunity to comment on your public review draft of 2014 Industrial Stormwater General Permit to be issued November 19, 2014.

Our comments including a set of recommended changes are in the attachment *WSF Comments on Draft Industrial Stormwater General Permit to be Issued Nov. 19, 2014*.

We are sending a hard copy of the comments as well as providing you with an electronic PDF of our comments.

We may in the future request a meeting with the Department of Ecology to discuss the possibility of developing an individual stormwater permit for the Eagle Harbor Boat Yard to be able to coordinate the Superfund requirements including inspections, cleaning and monitoring better with the stormwater permit requirements.

Sincerely,

Sheila Helgath
Environmental Program Manager
