Process for Becoming a U.S. Compost Council - Certified Compost Producer for Stormwater Low Impact Development (LID)

1. Apply for Solid Waste Permit from County Jurisdictional Health Department (JHD)
2. Make Compost
3. Apply for U.S. Compost Council Seal of Testing Assurance (STA) and Verify Compost Meets Ecology Specifications
4. Adjust Compost
   - Test compost at required frequencies depending on volume of feedstock
   - Keep maintenance records

Customer May Require Additional Testing
