**Subject:** Runoff needs to be reduced - keep the rules  
**Date:** Thursday, February 02, 2012 4:30:33 AM

---

just to say that it is 'never convenient' to do this - - but we have a greater responsibility to our environment - - don't reduce the rules re: runoff.

I live in Ballard. just installed 3 cisterns thru the Rainwise program. The urban environment needs to take efforts to protect Puget Sound.
