Subject: NPDES Permit Modification Comments

The City of Port Orchard is considered a Phase II community under the NPDES Permit, at this time we'd like to request that a change in the permit modification be taken under advisement. The city respectfully requests that all deadlines associated with section S5.C.4, Controlling Runoff from New Development, Redevelopment and Construction Sites, of the Phase II permit be extended from the August 15, 2009 deadline to the February 2010 deadline. This will give the city time to evaluate equivalent manuals and update our code with our current limited staffing to meet the requirements of S5.C.4 of the Phase II permit.

Thank you,

Andrea Archer, P.E.
Assistant City Engineer
City of Port Orchard
