Hi Bill. I hope things are going well for you this summer. I will be on the conference call on Tuesday to talk about the phase II permit, but I had a clarification question for you that is unrelated to that meeting. At the bottom of page 11, S7.A.1 refers to components listed in S7.B, S7.D.1 through S7.D.6. There is no D on the pages that follow. I assumed that the D was inadvertently omitted and should have been placed just above 1. Public Education and Outreach. I also assumed that S7.D.1 through S7.D.6 referred to the minimum measures 1 through 5 on pages 12 through 22. I do not see a sixth minimum measure, so I assume that S7.D.1 through S7.D.6 should read S7.D.1 through S7.D.5. Could you verify these two apparent typos/omissions? Thanks.
