

Spokane River Discharger Phosphorus Reduction Estimate

Preliminary estimate of phosphorus reduction needed by dischargers to meet TMDL wasteload allocation or wasteload assumption (Idaho) based on anticipated draft permit limits.

Discharger	Phosphorus needed (lbs/day)
Combined Idaho dischargers	1.8 – 3
Spokane County	0.54 – 1.16
Kaiser	1
City of Spokane	4 – 5
Inland Empire Paper	1
Liberty Lake	0.18
Total	8.52 – 11.34
