Subject: Lake Spokane Water Quality

Dear Dave,

I live in the Suncrest Area and am very concerned about the quality that we experience in Lake Spokane. Spokane's sewer is our recreation area. It seems as though money controls the type of water my children and grandchildren will swim in year after year.

We need you and your department to strong in holding the businesses and municipalities to the higher standard to provide higher levels of oxygen in the Spokane River.

Thank You

Let me know if there is anything I can do to help in this effort.
