Rural Water Meeting Agenda
January 5, 2015 - 1pm to 4pm

Ecology HQ Lacey WA – Auditorium ROA 34-36
Video Conference – NWRO 2A&B, CRO 204 A Waterfall, ERO 1 NW-18, BFO Groucho -102

1:00 Welcome, opening statements by Ecology, and introductions
- How we intend to incorporate today’s meeting into a final report

1:15 Discuss draft report - overview/background
- How we presented/summarized feedback
- Ecology’s characterization of the problem statement

1:45 Discuss Section 2: Options that could be implemented under existing statutory authority
- Did we capture your feedback correctly?
- Discuss areas of agreement/disagreement with Ecology’s analysis
- Did we miss any options that should have been included?

2:30 Break

2:45 Discuss Section 3: Options that could be implemented with new statutory authority
- Did we capture your feedback correctly?
- Discuss areas of agreement/disagreement with Ecology’s analysis
- Did we miss any options that should have been included?

3:30 Going Forward: What’s Next?
- Finalizing the report
- Meeting to discuss hauling water, rainwater collection and conjunctive use of wells and cisterns (Meeting specifics TBA)
- Discuss instream flow rulemaking upcoming year (appeals, petitions, planned rule development)
- Question for the group: Are further discussions in this forum/format warranted? If so, what specific topics/issues should we continue talking about? Or, would you prefer if continued discussions occur at the Water Resource Advisory Committee?

Note: We’ve created an opportunity for people to participate via videoconference from one of our regional offices: Yakima, Spokane, Bellevue or Bellingham. Unfortunately, the phone call-in option causes significant feedback with the video conference participants, so we will NOT be having a call-in number.

For directions to one of our regional offices, visit our webpage: [http://www.ecy.wa.gov/org.html](http://www.ecy.wa.gov/org.html)
