

Answers to the following questions will clarify how you will meet the terms and conditions for permit exemption as described below:

1. List specific types of solid waste accepted at the facility:

2. Describe how operators will ensure that only source separated recyclables are accepted:

3. For a Material Recovery Facility, describe how operators will record quantities of recyclables received, as well as incidental and accidental solid waste received (incidental and accidental solid waste is limited to 5% of total waste received, by weight per year, or 10% by weight by load):

4. Describe how each type of material will be stored, recycled (if applicable) and marketed:

5. If materials are stored outside, indicate how long each type of material will be stored:

Recycling Facility per WAC 173-350-210 shall be managed according to the following terms and conditions to maintain their exempt status:

(i) Meet the performance standards of WAC [173-350-040](#);

[WAC 173-350-040:

(a) Design, construct, operate, and close all facilities in a manner that does not pose a threat to human health or the environment;

(b) Comply with chapter 90.48 RCW, Water pollution control and implementing regulations, including chapter 173-200 WAC, Water quality standards for ground waters of the state of Washington;

(c) Conform to the approved local comprehensive solid waste management plan prepared in accordance with chapter 70.95 RCW, Solid waste management -- Reduction and recycling, and/or the local hazardous waste management plan prepared in accordance with chapter 70.105 RCW, Hazardous waste management;

(d) Not cause any violation of emission standards or ambient air quality standards at the property boundary of any facility and comply with chapter 70.94 RCW, Washington Clean Air Act; and

(e) Comply with all other applicable local, state, and federal laws and regulations.]

(ii) Accept only source separated solid waste for the purpose of recycling;

(iii) Allow inspections by the department or jurisdictional health department at reasonable times;

(iv) Notify the department and jurisdictional health department, thirty days prior to operation, or ninety days from the effective date of the rule for existing recycling operations, of the intent to conduct recycling in accordance with this section. Notification shall be in writing, and shall include:

(A) Contact information for the person conducting the recycling activity;

(B) A general description of the recycling activity;

(C) A description of the types of solid waste being recycled; and

(D) An explanation of the recycling processes and methods;

(v) Prepare and submit an annual report to the department and the jurisdictional health department by April 1st on forms supplied by the department. The annual report shall detail recycling activities during the previous calendar year and shall include the following information:

(A) Name and address of the recycling operation;

(B) Calendar year covered by the report;

(C) Annual quantities and types of waste received, recycled and disposed, in tons, for purposes of determining progress towards achieving the goals of waste reduction, waste recycling, and treatment in accordance with RCW [70.95.010\(4\)](#); and

(D) Any additional information required by written notification of the department.

Material Recovery Facility per WAC 173-350-310(2) shall be managed according to the following terms and conditions to maintain their exempt status:

(i) Meet the performance standards of WAC [173-350-040](#);

(a) Design, construct, operate, and close all facilities in a manner that does not pose a threat to human health or the environment;

(b) Comply with chapter 90.48 RCW, Water pollution control and implementing regulations, including chapter 173-200 WAC, Water quality standards for ground waters of the state of Washington;

(c) Conform to the approved local comprehensive solid waste management plan prepared in accordance with chapter 70.95 RCW, Solid waste management -- Reduction and recycling, and/or the local hazardous waste management plan prepared in accordance with chapter 70.105 RCW, Hazardous waste management;

(d) Not cause any violation of emission standards or ambient air quality standards at the property boundary of any facility and comply with chapter 70.94 RCW, Washington Clean Air Act; and

(e) Comply with all other applicable local, state, and federal laws and regulations.

(ii) Accept only source separated recyclable materials and dispose of an incidental and accidental residual not to exceed five percent of the total waste received, by weight per year, or ten percent by weight per load;

(iii) Allow inspections by the department or jurisdictional health department at reasonable times;

(iv) Notify the department and jurisdictional health department, thirty days prior to operation, or ninety days from the effective date of the rule for existing facilities, of the intent to operate a material recovery facility in accordance with this section. Notification shall be in writing, and shall include:

(A) Contact information for facility owner or operator;

(B) A general description of the facility; and

(C) A description of the types of recyclable materials managed at the facility;

(v) Prepare and submit an annual report to the department and the jurisdictional health department by April 1st on forms supplied by the department. The annual report shall detail facility activities during the previous calendar year and shall include the following information:

(A) Name and address of the facility;

(B) Calendar year covered by the report;

(C) Annual quantities and types of waste received, recycled and disposed, in tons, for purposes of determining progress towards achieving the goals of waste reduction, waste recycling, and treatment in accordance with RCW [70.95.010\(4\)](#); and

(D) Any additional information required by written notification of the department.
