

Students involved in environmental education consistently score higher on standardized tests than students without environmental education.

-Washington State EE Report Card

Get your students involved in environmental education!

TEACHER WORKSHOP

Learn how to incorporate environmental education into your existing Science, Language Arts and Social Studies curriculums. Project WET is a nationally recognized environmental education program that has reached millions of educators!

October 16th, 2009

9:00 a.m.—3:30 p.m.

Barn Beach Reserve
Leavenworth, WA

Cost \$10.00

Participants will receive the Project WET curriculum guides filled with hundreds of great lessons. Teachers will gain valuable insight into Washington State requirements to teach environmental education and learn first hand the value of natural resource conservation education in the classroom. Workshop is geared toward 3rd - 7th grade teachers. 6 clock hours through NCESD 171 are also available. Lunch is included with registration fee. Registrations must be received by October 9, 2009.
